

The story of our Afternoon Tea
Strawberry Sweet Heart Afternoon Tea

The Strawberry Sweet Heart Afternoon Tea lavishly uses strawberries grown in Japan. This mid-winter afternoon tea features sweet and savory dishes inspired by hearts. The first Valentine's Day of the Reiwa era approaches, and the dishes were conceived to reflect the feelings we have for the special people in our lives, and the bright redness and cute shapes of strawberries. Strawberries and sweets create the heart motif used throughout the afternoon tea.
